

# Fruit Pairings

from **Dole**, Your Fruit Solutions Partner.

This season, we unveil our NEW Fruit Pairings on [www.dolefoodservice.com](http://www.dolefoodservice.com) where we offer photos and recipes incorporating our flavorful combinations of fruit and your kitchen favorites! Reflecting a preference for the comforts of traditional tastes over trendy flavors, Dole foodservice operators selected familiar and appealing fruit combinations they want to see on menus. Our chefs have tested the best combinations in our kitchens and have developed 10 new delicious and unique flavors!
